POOL**

# FREE BUSINESS SUPPORT TO HELP YOUR BUSINESS TO THRIVE.

Our expert partners can help identify the skills needed for your business, to attract and retain talented employees, with access to new tools, learning, and support. The programme is open to businesses with 250 or less employees in Bristol, Bath and North East Somerset, North Somerset, and South Gloucestershire. So, whether you are looking for business coaching to support your growth, or business advice to implement new strategies, Workforce for the Future can help you.

Workforce for the Future is delivered by a wide variety of partners with specialist skills and expertise who can support you in a range of areas including:

- Digital training courses
- Sector training courses including construction, hospitality, and more
- Human Resource support
- Business needs analysis
- Adult Social Care industry support
- Disability Confidence training
- Future talent engagement with schools
- Data analysis for business decision making
- Apprenticeship support
- Work experience and internships
- Support to make your business more sustainable
